EXAMINER'S AMENDMENT

An amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it must be submitted no later than the payment of the Issue Fee.

Authorization for this Examiner's amendment was given in a telephone interview with Cynthia Kozakiewicz on June 18, 2003.

Please amend the claims as follows:

In claims 7 and 10, please delete "or" and insert therefor --and--.

OATH/DECLARATION

Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth in the Office Action of October 29, 2002. In particular, a new oath or declaration is required that lists all 3 of the present inventors and which is signed by Gordon Duff and Patrick Richardson. The Oath/Declaration should be consistent with the claim to priority that is set forth in the first line of the specification. That is, that this application is the National Stage of PCT/GB97/02790 and that foreign priority is claimed under 119(a)-(d) to GB 9621129.7. It is noted that a new oath was submitted in the response of April 29, 2003. However, this oath was signed by only Gordon Duff, did not list P. Richardson and I.Rennie as co-inventors, and the claim for priority was not properly listed. The substitute oath or declaration must be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136.

Art Unit: 1634

Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the following in the upper right hand corner: Issue Batch Number, date of the "Notice of Allowance" (PTOL-85), and application number.
